CAREER OBJECTIVE/SUMMERY

I'm highly passionate to self-learning things. I am a self-taught programmer who learns new things from trial and error. I like web surfing a lot to acquire knowledge and to get acquainted with new technology. I am upcoming engineer with optimistic attitude and is always ready to find efficient & impeccable solutions on real world challenges. I solve problems in creative way. It helps me more to learn the importance of applying classical strategies to modern-day projects.
